

Plenary lecturers

15th, Nov.@OIST

16th, Nov.@OIST

18th, Nov.@OCC

Zhibin Zhang
(Ecology, Chinese Academy of Sciences)

Thomas Cavalier-Smith
(Evolutionary biology and cell biology, University of Oxford)

Alison Mercer
(Neuroethology, University of Otago)
The Narishige Lecture (Special Lecture sponsored by Narishige, Co.)

Claus Nielsen
(Animal evolution, University of Copenhagen)

Elly Tanaka
(Regeneration biology, Center for Regenerative Therapies Dresden)

Diethard Tautz
(Genome biology and molecular evolution, Max Planck Institute Plön)

Shigeru Kuratani
(Vertebrate evolutionary morphology, RIKEN)

Yoshitaka Nagahama
(Reproductive biology, Ehime University)

John C. Wingfield
(Environmental endocrinology, University of California Davis)

Michael Levine
(Developmental biology, University of California, Berkeley)

Jürgen Heinze
(Reproduction, mating, and aging in social insects, University of Regensburg)

Billie J. Swalla
(Evolutionary developmental biology, University of Washington)

Russell G. Foster
(Circadian neuroscience, University of Oxford)

Nils Christian Stenseth
(Evolutionary biology, University of Oslo)

Noriyuki Satoh
(Evolutionary developmental genomics, Okinawa Institute of Science and Technology)
