

## How to use the Style File for EndNote

Copy the “ZS.ens” file into your “Styles” folder in the EndNote folder, which is usually C:\Program Files\EndNote X\Styles. This allows you to have them displayed in the *Style Manager*. Choose *Output Styles* from the *Edit* menu, and select *Open Style Manager*. Find “ZS” in the *Style Manager* and click the check box to the left of it to mark it as your favorite. Choose the ZS reference style in the *Output Styles* submenu of the *Edit* menu or the *styles* menu of the Main toolbar. Refer to your EndNote manual for details.
